VOL. 11 NO. 46 WEDNESDAY, NOVEMBER 25, 1970.

P.O. BOX 263, St. Albert
Registration No. 1930

Dr. Edna Press of the Faculty of Education U of A, Elementary Department, speaks to grade one to three teachers in the assembly room Friday morning at the teachers' institute.

Teachers Institute receives wide acclaim

Judging from the keen interest evident and the enthusiastic comments overheard, teachers of the two St. Albert school districts, Sturgeon school division, Thibault school in Morinville and Legal school, the first major Teachers' Institute ever held in this area was a marked success.

Remarks such as "got a lot out of it," "could have used more time" and "we need more of this type of thing," could be heard in various meeting rooms as the institute progressed all day Friday.

An estimated 400 teachers and institute guests, including local school board members and student teachers working in the area, heard Mr. Doug Ledgerwood present the keynote address at Sir George Simpson Junior High at 9 a.m. Friday morning.

Mr. Ledgerwood of the department of education spoke of the aims, objectives and methods involved in the new social studies curriculum being introduced by the department for all grades from one to 12. The course is designed to provide experience for living through five areas of planning: the priorities established for its objectives, the course's emphasis on evaluating knowledge, its emphasis on process skills,

its aim to promote the understanding of concepts by students, and lastly through opportunities for freedom of choice by teachers in the selection of content to be taught.

The valuing orientation was the aspect of the new social studies program most emphasized by Mr. Ledgerwood. The objective is to develop the feelings, attitudes and values of students, in addition to providing skills and knowledge background. A free enquiry approach will be used so that students may learn to recognize their own values and feelings on the subject matter being taught. Students will be encouraged to think out for themselves why they feel a certain way and how they arrive at their value standards.

Mr. Ledgerwood used a film "The Magician" which was in itself a lesson in values and demonstrated how minds can be influenced in various ways. This stimulated the group discussion which followed, led by Mr. Ledgerwood.

The Planning

A tremendous amount of planning went into this comprehensive one-day institute as will be seen by the review of programs for the subject areas it embraced.

Mr. Lowell Thronson, principal of Leo Nickerson school was nominated by the St. Albert local of the ATA as chairman of the Central Planning Committee for the Institute. Mr. Thronson is professional development chairman of the ATA local.

Others on the committee were Tony Taylor, professional development chairman for Sturgeon School Division, George Soetaert of District #3 St. Albert and Muriel Martin, assistant superintendent of District #6. Superintendents Elmer Gish and Vince Maloney of the St. Albert districts, W. Fitzpatrick, supervisor of Thibault school; Dixon Keane of Legal and Frank Robinson, superintendent of Sturgeon division, acted in an advisory capacity on the committee.

Resource people were brought in, the department of education assisted, and teachers throughout the area gave lectures and demonstrations. In every area the planning committee received enthusiastic co-operation, including the school boards who were solidly behind the Institute, and some of whose members attended all day.

Lions celebrate 19th Charter Anniversary

The St. Albert Lions Club celebrated their 19th Charter anniversary with a dinner-dance at the Club Mocombo last Friday evening.

Following a fine dinner Lion Ken Moore introduced the head table guests: District Governor Frank Wilson and Cathy Wilson, Zone Chairman Rock Holman and Shirley Holman, Mayor Ray Gibbon and Eileen Gibbon, emcee and entertainer Gerry Josey, Club Presi-

dent Glen Ward and Harlene Ward.

Visiting Lions were also introduced from Jasper Place, Swan Hills, Drayton Valley, South Edmonton, Morinville, Southgate and Northgate clubs and St. Albert's Breakfast Club. Past district governors Don Laballister and Alec Tate were introduced also.

Mayor Gibbon opened his remarks by saying that it was evident at the recent convention of urban municipi-

palities, that St. Albert is one of the most progressive centres in Alberta, recreation-wise. "And that the town is going to stay in the forefront in recreation." He referred also to the Local Authorities Board's mention of the fact that St. Albert is the most perfect example of a come-back community. This was accomplished in the years between the take over of town management by the board in 1962, until removal of board control in 1969. On the subject of the arena, the mayor said that while he had not been in favor of the location chosen, he had worked and supported the project from the outset.

A highlight of the program was the presentation of the St. Albert Lions Club Charter by Rock Holman. Mr. Holman spoke of how peculiar things can happen to Lions Clubs, who do a lot of inter-club travelling each year. One such incident was the loss of the St. Albert club's original charter some seven or eight years ago. During the past year Governor Andy Fraser had obtained a copy of the charter from Lions International, and this was presented to president Glen Ward by Rock Holman.

Mr. Holman introduced District Governor Frank Wilson, guest speaker, and a member of the South Edmonton club. Mr. Wilson commended the local club for their sponsorship of one of the best air cadet squadrons in the province, their park project, school scholarship program and work with youth groups. He said how happy he had been to attend the Leo Club's char-

Continued on Page 3

Scouts hold annual meeting

The annual general meeting of the Landing Trail District was held on Monday, Nov. 16, 1970 at Sir George Simpson Junior High School.

The attendance was somewhat poor being a total of only 22. All groups gave a brief report of their activities throughout the last year. The Morinville group were pleased to announce the formation of a second cub pack and the fifth St. Albert the formation of scout troop.

The district was happy to learn of the progress of the new Venturer group and wished them success for the future.

Wood Badges were presented to the District Scout Co-ordinator Ari Vandenbos and the District Commissioner Ted Langford. The Regional President Bill Hughes came in from Edmonton to give us a few words in general on scouting.

A budget of \$480 was pro-

posed by the District Service Team, this was reduced by \$160 leaving out district badges and increased by \$25 to include the Charter fee for the Venturers, thus, a total of \$345 was approved.

To meet the needs of this budget a fund raising committee was proposed and accepted. This committee was formed by one representative from each group and they are as follows: Mr. J. Arisman (1st); W. MacFarlane (3rd); H. Stinsen (4th); S. Dobko (5th) and P. Bes of Morinville.

A vote of thanks was made to all scouters for their assistance to the district over the past year.

The District Service Team presently includes Ted Langford, Ari Vandenbos, Jim Maguire, Ray Evans, Alf Garvin, Bob Brookes, Vince Ratchinsky (treasurer) and Mrs. M. Vandenbos (secretary).

Hutterite Colony Approved

The Hutterian Brethren of Sanl Hills Colony have been granted the approval of the provincial government to establish a new colony in MD Sturgeon, to be known as the Morinville Hutterian Brethren Church.

Approval was granted on the recommendation of the Communal Property Control Board, despite a brief from the MD to that board, detailing council's unanimous opposition to its establishment.

The Hutterite application was for some 3,084 acres in the northeast corner of the municipality, but only 2,055 acres was approved.

Six thousand four hundred acres is the maximum which may be purchased for any one Hutterite colony. It is believed that the brethren have been continuing to negotiate for further options on land in the area since their application was app-

proved on November 3 for the 2,055 acres.

Preparations are now underway to establish the colony, including the moving in of some cattle.

Rink Flooding underway

St. Albert Parks Superintendent John Beedle advises the outdoor rinks are now being cleared of the hard packed snow in readiness for flooding crews to start the latter part of this week.

Work on the addition of the Grosvenor rink house is underway and should be completed shortly.

If all goes well, kids could be skating the first part of next week.

No additional rinks are planned for this year.

Accident kills Morinville man

Late Friday evening Gerald Leroy Lee, 34, of Morinville, father of five young children, was killed on the northern outskirts of St. Albert as he was walking south on No. 2 Highway by a car reported driven by an Edmonton lady resident.

According to report given, Mr. Lee's car had stalled on the highway north of St. Albert. He was walking south going to get help when he was struck by an oncoming car.

Funeral services were held in Athabasca on Wednesday afternoon in the Roman Catholic Church and interment followed in the family plot in Sunrise Cemetery in Colinton.

He leaves to mourn his beloved wife Joyce, Brenda 11 years, Sandra 8, Rodney 6, Doreen 4 and Linda 16 months. His parents Mr. and Mrs. Adolph Lee of Colinton and one brother, Robert of Edmonton.

Phyllis Arnold, social studies co-ordinator for the Edmonton Public School District, giving a lecture to teachers in grades seven to nine.

Teachers Institute

Continued from Page 1

The Program

While this year's Institute put some emphasis on preparing teachers for the social studies curriculum just coming in, the program had sections for every subject area. The guidance section had tours of the W. P. Wagner and the L. Y Cairns schools. Wagner offers a special high school vocational program designed for students having problems with regular programs. The Cairns vocational program for students having difficulty, deals with types of students who would have been in opportunity rooms at the primary or intermediate level.

French section of the institute was held at St. Albert High where teachers heard speakers and held discus-

sions on such matters as use of records and language tapes, short cut to teaching grammar, examinations and other areas of interest.

Music teachers visited Steele Heights Junior High to observe four music periods conducted by Mrs. F. Burke, including use of the Carl Orff and Kodaly Choral methods. In the afternoon at St. Albert High they heard a speaker and held discussions and a workshop.

Senior and junior high math teachers met together and separately and heard resource people brought in for this section. There was a junior high language arts section at Sir Alexander Mackenzie Junior High, and senior high language arts at St. Albert High. Business education section also met for evaluation and other discussions at St. Albert High.

The Industrial Arts teachers toured The Victoria,

Strathcona and Jasper Place Composite High schools in the morning and met for discussions at St. Albert High in the afternoon. The home economics section visited W. P. Wagner school and toured the sewing, beauty culture, hotel management, home management, food service and institutional service departments.

The program for art teachers also included morning tours to Avalon Junior High, Strathcona Composite and Harry Ainley Composite.

In the afternoon a demonstration of art technique was given at Paul Kane High, by a group of five local teachers.

There were sections for senior and junior high science at St. Albert High, Remedial reading teachers visited the Language and Learning Development Association and the Edmonton Public School Board. Physical education teachers saw a wrestling demonstration

by Ron Mikulin of Camilla school, Morinville, a film on golf, and talks by Mr. P. Kevin Smith of St. Albert High and Fred Resler of Paul Kane.

The administrators section met for lunch at the Bonaventure and heard speaker Dr. Ted Holdaway on "Futuristic trends of administrative personnel." Later they visited the M. E. Lazerte High School.

Summing up

A questionnaire and evaluation form was given to all the participating teachers. Among other purposes this will assist committees planning similar institutes in coming years. It is intended to have a committee selected next spring to work on a Teachers' Institute for early fall next year.

The Institute could provide some long-range benefits which may be almost as

useful as the work accomplished at these sessions. Better communication between teachers at the junior and senior high school levels could result in smoother transition for students from junior into high school. The

joint sessions could also bring about closer communication between teachers in the two St. Albert systems and between St. Albert teachers and their colleagues in Sturgeon, Morinville and Legal schools.

Report shows bad air pollution

Figures are in for St. Albert from the Air Pollution Control Section of the provincial department of health. And from any angle you care to look at them, they're bad.

Tables cover the months of April through October and the majority of the figures show the volume of air

pollution in St. Albert is well above provincial quality standards. In fact they range up to four times the set standards.

The figures are compiled from five 24-hour samples taken each month by the air pollution monitor erected on the roof over the Sturgeon Health Unit offices last April.

Mr. S. L. Dobko, professional engineer and a St. Albert resident, is head of the Air Pollution Control Section of the department, and filed the report.

Recommended level of particulate values, by high volume sampling, is 100 and the St. Albert average over the seven months is 168.3.

The October 22nd sampling showed 283.5 and the August 1st figure is 413. Culprits in industry-free St. Albert is the town dump.

Boys Parliament coming up

The 51st Session of Tuxis and Older Boy's Parliament of Alberta will be held in Edmonton this Christmas season.

The 80 young men attending this Parliament will be meeting in the Alberta Leg-

islative Assembly Chambers from December 26 to December 31.

The first sitting will be held in the Legislature, Saturday evening, December 26 with Mr. Michael Atkinson as speaker. The parliament-

City buys Holy Cross Cemetery

MD council has approved an application by the City of Edmonton to purchase Holy Cross cemetery, roughly 140 acres. The city already owns the quarter section adjacent to the cemetery on the east.

The application was approved, providing the purchase is not for the purpose of future annexation by the city. The property is owned by the Edmonton Roman Catholic Archdiocese.

For some time the MD has been trying to acquire suitable site for a sanitary land-fill. In this connection they have been exploring possible areas which could be used under a cost-sharing plan with the Town of St. Albert.

These negotiations have

not been successful and the MD has advised St. Albert council that since Sturgeon can comply with public health stipulations under the new regulations, St. Albert should negotiate on their own for such a site.

New public health regulations become effective January 1st, 1971.

County Parliament requested an opinion from MD Sturgeon on a proposed subdivision of two 20-acre parcels from N.W. of 8-54-26-4

The subdivision would mean that access roads to the area become the responsibility of MD Sturgeon, at an estimated cost of \$5,000.

Council recommended that County Parliament refuse to approve the subdivision.

tarians from all parts of the province will divide themselves into government and opposition parties. This year's premier will be Mr. Gordon Porteous of Calgary and his deputy is Mr. Robert Hawkesworth of Edmonton. Heading the opposition is Mr. George Bennett, assisted by Mr. Don Jansen, both of Edmonton.

Such resolutions as pollution control, Canadian sovereignty, protection of Canada's natural resources and Euthanasia (mercy-killing) will be hotly debated by the parliamentarians, ranging in age from 15 to 21.

A cordial invitation is extended to the general public to attend any of the sittings of this Parliament.

Around Town

The Marguerite D'Youville Auxiliary held their regular meeting on Nov. 10. On Thursday, Nov. 19 the regular bingo was held for patients and members. Lunch was prepared by the sisters with a birthday cake honoring patients whose birthdays are in November. The next regular meeting for the Auxiliary is Dec. 8.

Lions Celebrate

Continued from page 1, ter night recently, the second such club in the district. He also complimented the club on having two of their members holding office on the Lion cabinet: Bill Weber and Rock Holman.

Lion John Haberdeau of the Lions Breakfast Club was also commended on his capacity as membership chairman on the Cabinet. The district governor concluded his remarks by saying he felt time was overdue to recognize the work of Lady Lions, and he hoped formal recognition would be

forthcoming from Lions International.

The balance of the evening was given over to dancing to the music of the Golden Nuggets and the absolutely hilarious antics of entertainer Carry Josi whose intermission act brought down the house.

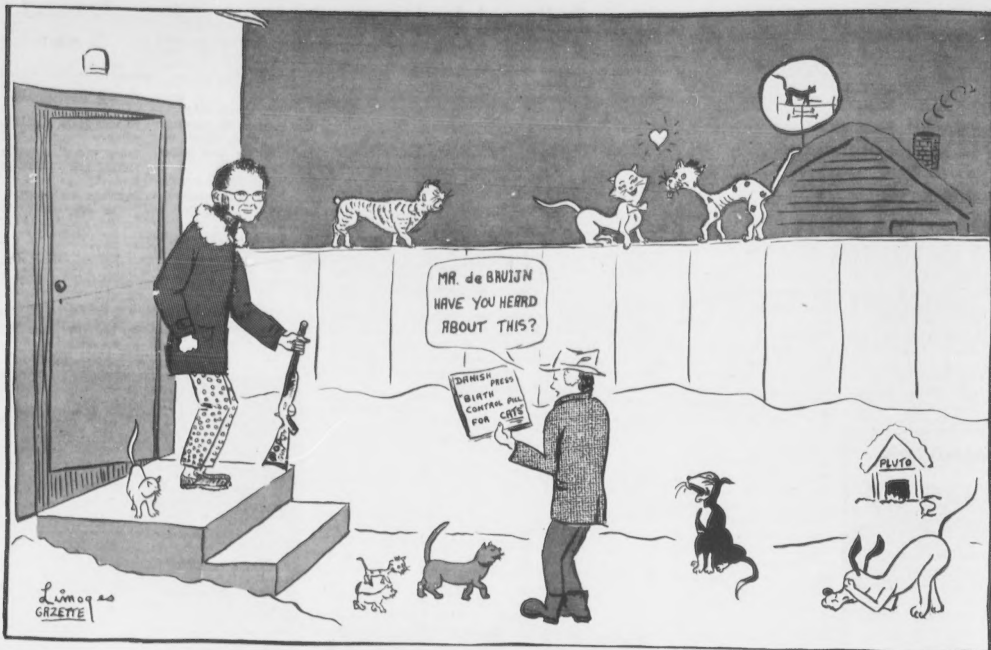

Tasteful decorations by the Lady Lions made the hall festive and it was also a pleasure to see the Lions proudly erect Canada's flag and their own standards for the singing of O'Canada which they did with wholehearted vigor to open the proceedings.

ST. ALBERT HIGH

By Laura Finkbeiner

SR. HIGH BASKETBALL
The senior high basketball league opens this Friday with St. Albert travelling to Archbishop Jordan in Sherwood Park. The first game will be on Friday, Dec. 4 when Barrhead will be the visiting team and on Dec. 11 Drayton Valley will be visiting St. Albert.

SR. HIGH VOLLEYBALL
The senior high volleyball season ended on Saturday for St. Albert High school. The girls team travelled to Fort Saskatchewan and lost out in the zone tournament. In the area eliminations held at the high school last Wednesday the girls won out over Paul Kane in the three games while the boys lost to Paul Kane in two games.

TIMERS AND SCORERS FOR BASKETBALL
Any students in senior high wishing to act as timers and scorers for the 1970-71 basketball season should give their names to Mr. Wood this week. Action will be set up to establish

timing and scoring procedures and a schedule for the year will be drawn up.

SR. HIGH DANCE
The students union would like any suggestions from the students to help make future dances a success.

JR. HIGH VOLLEYBALL
Next Tuesday will see the final round of the junior high volleyball series involving St. Albert Junior High; Sir George Simpson, Sir Alexander Mackenzie. At the midway point in the league the St. Albert girls are leading their section with six wins and two losses while the St. Albert boys are leading with five wins and three losses.

CURLING
After four weeks of curling some of the teams are taking on a new shape. Last Wednesday the following teams played and as you can see some teams have shown great improvement since the start of the curling season. Norman Roy 3; Julian Romanko 8; Marie Van Tigh-

ern 8; Richard Hauptman 5; Raymond Gauthier 5; Brian Kupsch 10; Robert Letourneau 13; Peter Byl 7; Darrell Kremer 4; Bill Witschen 8; Mike Lyndon 7; Todd Cassidy 5.

BONSPIELS
All entries to the Salis-

bury invitational mixed bonspiel should be in to Mr. Brian Kupsch by the end of the week.

A Paul Kane and St. Albert High bonspiel may be held Saturday, Dec. 12. Keep this date open. See Mr. Brian Kupsch if you are interested.

Beautiful gifts

In the West end of the city is a charming boutique called Marina Creations. It is directed and staffed entirely by volunteers. All articles for sale in this shop are made by homebound handicapped men and women. The work for these people is planned by a highly competent design group who assemble kits of material which are then picked up by so-called Godmothers. The Godmother is the contact between the shop and the worker and plays a very important part in that she interrupts the isolation of the homebound handicapped.

The entire operation of Marina Creations is geared to encompass the needs of

the disabled worker. Whatever skill he or she may have, it is encouraged and developed, and the results are amazing: exquisite articles of every description are sold to the public and a sense of accomplishment is gained by the handicapped worker.

Winter sportsmen Beware!

An urgent warning today from the department of lands and forests and the Alberta safety council calls on everyone to stay off the ice on the lakes and sloughs in the province for the next few weeks.

"Fish and wildlife officers from many areas are calling in to report dangerous thin ice conditions," says C. E. "Chuck" Haglund of the department's information and education division.

Thin ice can be very deceptive, the safety council warns. Ice might look thick enough, yet it may be a trap awaiting the unwary. This warning applies to everyone - hunters, skaters, hikers or snowmobilers.

The Alberta safety council points out that it will be several weeks before ice conditions will permit free travel by snowmobiles or other vehicles.

In late November two years ago, three ice fishermen died after their snowmobile fell into open water in the middle of a lake in northeastern Alberta. This tragedy stands as a terrible reminder that even the lightest vehicle must have ice thick enough to support both machine and occupants.

A minimum of four to six inches are needed before a snowmobile can be taken on to an ice surface in any safety. More than that is recommended. Wait for ice more than 10 inches thick before taking heavier vehicles on to ice.

Wherever fast flowing water might undermine the ice, always be sure to test carefully with a probe before venturing across.

A good point to keep in mind is that without pontoons, your snowmobile will sink like a stone.

WEDNESDAY, NOVEMBER 25, 1970.

St. Albert Comet's hockey club can't seem to break the ice in the win column but their manager does not appear to have much problem as he is shown above shortly after removing his snowmobile from the icy Sturgeon. Jake Vaugeols took the spill into the river behind the Bruin Inn a week ago Tuesday night.

The pick of the hops makes the pick of the beer.

Hops do beautiful things to beer. They give it memorable flavour. "Hopping" is the art of blending hops into the brew so the flavour of the beer never varies. That's an art we cultivate for Calgary Export Lager. Our hops come from the World's great hop growing areas. We select them with care, pick them with gentleness, then blend them at precisely

the right moment. After all, we love our beer, and because we want you to love it too, we never compromise. Next time you thirst for something beautiful, enjoy the famous taste of Calgary Export Lager Beer.

Below, Brewmaster A.J. Kerr and Brewers R. Piesanen and S.C. O'Brien inspect the quality of 1970 hops.

*Brewed by
beer lovers

Mr. Alvin Flohr, manager of the liquor store moved to Legal several months ago from Grande Prairie. Mr. Flohr was born in Grande Prairie in 1937, and has lived and worked there all his life. He is very experienced in this type of work, having been employed in a liquor store for the past 11 years. Mr. and Mrs. Flohr have a family of four, three girls and one boy. The community would like to welcome Mr. and Mrs. Flohr and family and wish them the best, for a long and pleasant stay in Legal.

Mayor Leon St. Martin cuts the ribbon to officially open the new liquor store in Legal. Councillor Joseph Nault looks on at left, and Manager Alvin Flohr is seen at right.

Liquor Store opens in Legal

The official opening of the liquor store was held last Thursday at 11 a.m. with the cutting of the ribbon ceremony by Mayor Leon St. Martin. This was the first liquor store in the province to be opened with a ribbon cutting ceremony.

Mr. R. W. Jamieson, area supervisor for the Alberta Liquor Control Board was present and he also helped

the manager handle the thriving business that took place upon the opening.

The village of Legal and the Manager Alvin Flohr welcome the surrounding districts to take advantage of this new service.

The store hours are from 11 a.m. - 12 noon and from 1 p.m. - 6 p.m. Tuesdays to Saturday.

Riviere Qui Barre bazaar sell out success

The annual bonanza bazaar and tea held last Sunday afternoon in the Camilla school auditorium, sponsored by the Christian Ladies of the community, was a sell out success from the word go at 2 p.m. in Riviere Qui Barre. As usual the entire community took part in the afternoon program.

The colorful display booths were laden with home sewing and novelties of all types that were quickly

bought for Christmas gifts. A new addition was the 4-H sewing club, who had a wonderful table of articles made by members.

The baking bargain centre was the largest and best ever. The variety of home baked goodies had to be seen to be truly appreciated. The little people were not forgotten, and a Christmas purchasing room was prepared for them with exceptional bargains for the under 12 set, who could do their own Christmas shopping for mum and dad in private.

The usual large choice of home baked pies and refreshments were served all afternoon.

Among the lucky winners of raffles and draws were: butcher pig winner of the Italian raffle - Fred Kaup, four weaner pigs, Mrs. Audrey Granger; hairdos, Martha Schafers, Calahoo; and Jean Pawalka, Texas mickey - Mrs. Smyth of Morinville; mirror - Lucy Perrott; set of dishes - Gus Rieard, Morinville; hand made quilt - Mrs. Alex McGillis; Barbie doll - Martha Schafers. Baking winners were Ginger Bread House - Del Granger; cake doll - Carol McDonnell, the 4-H doll ensemble - Linda Soetaert.

Catfish farming is the newest agricultural enterprise these days - mostly in the southern States, and already it's a multi-million dollar business.

**WALLHIDE
LATEX
One Coat
Flat**

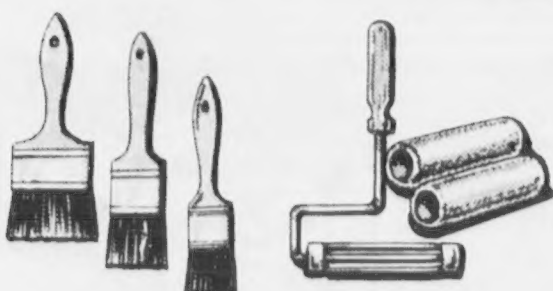

In one outstanding paint product, PITTSBURGH research has combined the properties of superior one-coat coverage, attractive flat decorator finish and complete washability. Hiding power—the ability to cover previously decorated surfaces—has been increased to the point where one coat will cover practically any surface (when applied at the spreading rate of 450 square feet per gallon), unless there is an extreme change in color.

No. 2
WALL HIDE SEMI GLOSS ENAMEL
Suggested Retail \$12.45 gal.
..... \$ 3.95 qt.
SPECIAL \$ 8.45 gal.
..... \$ 2.95 qt.

A semi finish enamel, available in the same colors as Wallhide Latex. Satinhide also has exceptional hiding power. It's odorless and extremely durable, the ideal low-lustre enamel for interior wood and metal trim, kitchen and bathroom walls, furniture, cabinets and doors. The creamy consistency permits easy flow from brush or roller and eliminates sags and runs.

RECREATION Hi-Lites

Newcomers to St. Albert are reminded that they can obtain information about the recreational program by phoning the department of recreation at 599-6601.

HERCULES SPORTS

Table tennis for boys and girls is held in the Clubhouse on Tuesday and Friday evenings. Those of 10-12 years of age play from 7 - 8 p.m. and the 13's and over from 8 - 9 p.m. The basketball program

boys between 12 and 16 held in Vital Grandin School on Mondays and Wednesdays is proving very popular. Having joined a league, games are now being played against other clubs. Last Sunday,

Mr. Field showed the boys another film on basketball. The annual Hercules membership fees cover all Hercules sponsored activities and anyone with a membership can participate in the basketball, soccer, girls softball and boys and girls table tennis programs. A

family membership costs \$5 and an individual membership \$3. If clarification is required, phone the department of recreation, YMCA.

The YMCA sponsors children's gym, Swedish gym for girls and ladies, basketball for boys and girls and

a "drop-in" program for teens. Anyone wanting information about any of these programs should phone Mrs. Phillips at 599-6445.

A pianist is urgently required for the Swedish gym classes which are held in Lao Nickerson school on Thursday evenings. Mrs.

Kirschowsky, the instructor, would be very happy to hear from anyone who would be willing to play. Phone her at 599-7603 (after six o'clock).

ST. ALBERT SPORTS CLUB
This week's activities in Father Jan School have been cancelled.

ALBERTA IN ACTION MAINTAINING EFFECTIVE STANDARDS

License protects buyer and seller

To maintain a high degree of business ethics within the province of Alberta, provincial and municipal governments have established a set of standards under which various classes of business establishments must operate. Proof that such standards are being met lies in the exhibition of a license issued by the Alberta Department of Industry and Tourism. An establishment which displays this certificate meets the qualifications prescribed as to staff and premises. The Licensing Branch of the department, on receipt of application for a license, refers the facts of the application to the applicable provincial agencies and the municipality in which the business will operate. On receiving assurance that the required standards are met, a license is issued. If, on a report from another government department or from the municipality, the Branch learns that the operation has dropped below standard regulations, the license is suspended until the situation is corrected. If the necessary changes are not made, the license will be cancelled.

Licensing protects not only the purchaser, but the vendor as well, through the elimination of unfair competitive practices and misrepresentation of products or services.

Labour standards keep pace

Management and labour are represented equally on the governmental body which sets Alberta labour standards. The Board of Industrial Relations, has within its many functions the important responsibility for the establishment of those standards, and is made up of two members from management, two from labour organizations and a Chairman. It has jurisdiction over such factors as the determination of the minimum wage, general holidays, length of vacations, and hours of work. Through public hearings and reception of briefs from both management and labour along with surveys of economic conditions in the province, labour standards are revised to contribute as greatly as possible to maximum employment, improved working conditions, and industrial peace.

Normally, hearings are held every four years, but are arranged more frequently when changes in social structure, living costs, and working conditions indicate the need.

The administrative staff of the Board of Industrial Relations, a branch of the Alberta Department of Labour, are responsible for the enforcement of the established labour standards.

Land title search simplified

The complete history of each parcel of land in Alberta is recorded on a "title"; a page in the record books kept by the province's two Land Titles Offices. It gives the name of the owner and legal description of the land. As the land changes hands, all dealings are registered and noted on the page. This system makes it possible to provide complete information on each parcel of land quickly and accurately and at little cost to the person seeking the material.

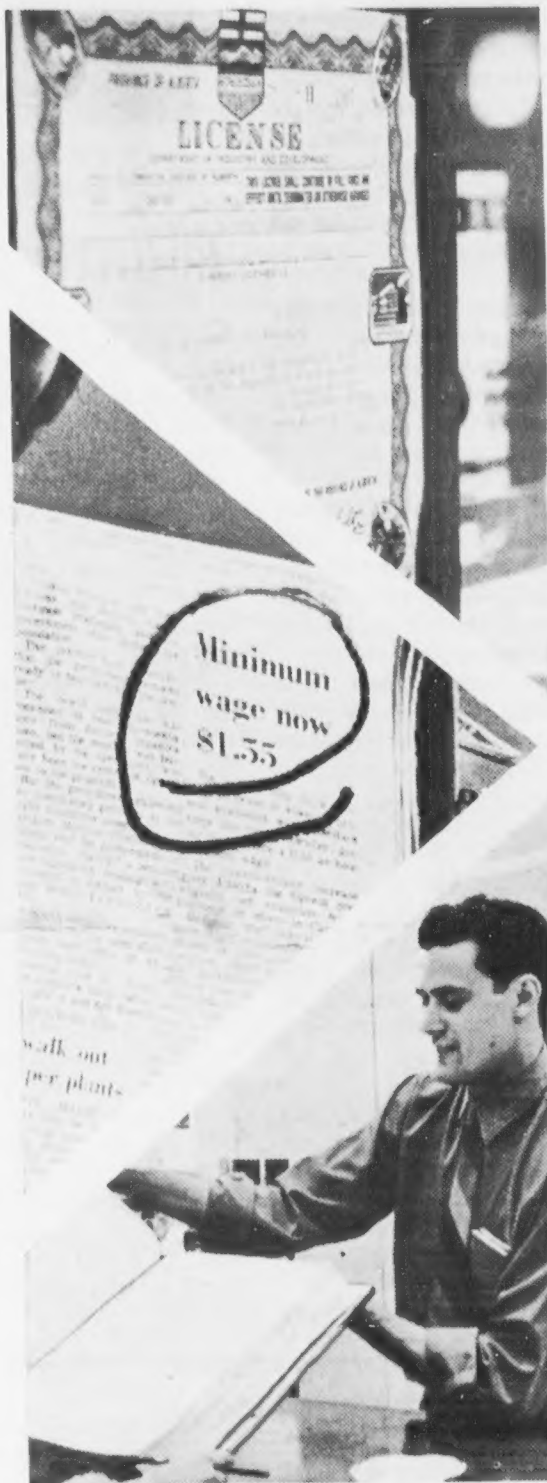

In order to search a title, it is necessary only to come to the counter of the Land Titles Office, provide the legal description of the land concerned, and it is made available almost immediately. This makes Alberta one of the few jurisdictions in the world where the current state of the title can be accurately ascertained at a minimal cost to the person registering the documents.

The Land Registration Offices of the Alberta Attorney-General's Department also maintain an Assurance Fund, which is used to pay for any costs incurred by an error committed by the Lands Titles Office in registration of documents and issuance of titles and abstracts.

Workers' health protected

Regular and frequent inspection of Alberta's industrial working environment for occupational hazards created by dust, noise, and toxic substances, provides a constant safeguard for the health of employees. The province's Industrial Health Service maintain a constant vigilance to ensure that the working environment is conducive to good health. If a problem is discovered, this branch of the Department of Health determines its nature and recommends solutions to the employer, whose responsibility is the removal of the condition. Inspections may be carried out at the request of the company, that of other government and regulatory agencies, or as an industry study initiated by the branch itself.

Radiation protection is another facet of the services provided. Industrial Health Services conduct a survey of X-ray, micro-wave, and laser equipment in the province to ensure that the basic safety standards are maintained. For new installations, the branch is required to inspect the plans, approve the building, and to see the equipment in operation before it is put into actual use.

Company facts public record

For persons considering dealings with any Alberta incorporated company, or extra-provincial corporation, information is maintained by the Companies Branch of the Alberta Provincial Secretary's Department. Each company incorporated in, or doing business in, the province must register with the Branch which maintains a file on the firm. This includes such information as office location, names of directors, authorized capital, classes of shares and any charges registered against the assets of the company. Each year, an annual report must be filed with the Companies Branch, indicating any changes in directors or share capital structure.

Records available include those companies which incorporated in the Alberta section of the Northwest Territories prior to 1905. The Branch retains the records of companies which have gone out of business or which have amalgamated with other companies.

Utility rates 'balanced'

Alberta's utility services, and the municipalities they serve, are not always in agreement as to what constitutes a "fair rate". For this reason, when a rate increase is requested by a public utility company, the jurisdiction of the raise is judged by an objective third party; the provincial Public Utilities Board. On application for an increase in rate, the Board institutes a public hearing at which it hears evidence, and arguments from both the utility company and the municipalities it serves. The Board must determine if the rate is fair to the customer and still permits the company a reasonable return on its investment. If so, the increase is permitted. Jurisdiction of the Board does not extend to municipally-owned utilities, unless they so elect.

The Public Utilities Board may also hear complaints from Alberta residents who consider municipal utility charges do not conform to the municipal utility rate structure; are improperly imposed; or discriminatory.

ALBERTA GOVERNMENT SERVICES MOVE IN MANY DIFFERENT DIRECTIONS

For further information, apply either directly to the Department concerned or the Alberta Government Publicity Bureau, 1618 Centennial Building, Edmonton, Alberta.

Valedictory address

Gisele Nobert, valedictorian for the 1970 graduating class of Georges P. Vanier high school, seen giving her address at the exercises. Miss Nobert received a \$100 scholarship from Thibault School District as top student of the class.

In her valedictory address, Gisele Nobert reviewed highlights of the progress of the 16 graduates through grades one to twelve. She described how they became more aware of other people in the first year and later began forming their own ideas and ideals as they continued through primary and elementary grades. As they worked on through junior high school individual attitudes and thinking were developed.

"Then came grade 10," continued Miss Nobert, "and with it a fresh eager outlook on life, with new ideas and new sensations. Our high school years have been full of these sensations which we discovered by observing and understanding the people around us. Throughout senior high we have created visions of the kinds of lives we would like to live after we graduate. We have become a unique group of people because of our idealistic thoughts of the present and the future," continued the valedictorian. "We now have reached the end of an era, marking a milestone in our lives. But there is still a whole new life ahead of us, with many of its questions left unanswered, many problems left unresolved and our minds are in a constant whirl as we search out clues for the truth."

"However, before attempting to grapple with problems and answer questions to our satisfaction, we must unravel our thoughts and determine for ourselves what life has to offer to us, and in turn, what we have to offer life. Here at the end of grade 12 we are graduating in a class of 16 students, yet, each must stand alone as he or she tries to decide which way to go. Each one of us received our diploma, a key to the world around us."

"Like all graduations, this is also a time to say goodbye to friends, and to leave the security of school life behind."

"Yet, there is an uncontrollable excitement mounting inside us, an urge to explore the unknown that looms ahead. Now we are

approaching adulthood and our future, a future upon which the world rests. Therefore, graduates, let us go out and strive for goals that will make this world full of music of concord and harmony," concluded Miss Nobert.

Morinville Locals

Morinville Drum and Bugle Band committee are sponsoring a Community Christmas Card. Members will again be making house to house calls to receive your \$2 contribution. Out of town residents may send their offerings to Mrs. Robert Anderson, Morinville. All funds received will be spent for instruction, instruments or uniforms for the band and the committee would be most grateful for your support.

Mr. and Mrs. David Rooke welcomed another son, Joseph Thomas, Nov. 11 and Mr. and Mrs. Robert Weiss welcomed a second son, Marc Allan, Nov. 20.

Mr. and Mrs. Alphonse Kremer, celebrated their ninth wedding anniversary with a family party at the home of Mr. Gaston Kremer last weekend.

Celebrating their 32nd wedding anniversary were Mr. and Mrs. Herman Kleser. They were entertained at a family supper and social evening at the home of Mr. and Mrs. Guy St. Germain. Mr. and Mrs. Frank Sale were feted with a social evening at their home by a group of relatives and friends on the occasion of their 19th wedding anniversary.

Another group of hunters set out for the wild game in the Valleyview district last week. They are: Joffre Kremer, Arthur and George Hector and Victor Soetaert.

Mr. and Mrs. David Rooke

Legal's popular mayor, Leon St. Martin, makes the first purchase in the new liquor store opened November 19 in the village.

Family Life Series

A team of young people from the Family Life Education Council will conduct a communications workshop in the fourth and final of a series of Family Life meetings on the subject of "Communications" at Leo Nickerson school tonight. Meeting begins at 8 p.m.

Last week Mr. and Mrs. Ed Branch showed slides with related readings on the topic "Communicating as a man and woman." A group discussion involving the speakers and the audience followed and considerable interest was shown by the

have the pleasure of visit of Mrs. Rooke Sr.

approximately 50 people attending. The series has drawn an average of about 70 people per meeting and is being enthusiastically received.

NOTICE

OF PREPARATION OF ASSESSMENT ROLL 1971

TOWN OF MORINVILLE

PROVINCE OF ALBERTA

Notice is hereby given that the assessment roll of the said municipality, made under the provisions of the Municipal Taxation Act Chapter 54, has been prepared and will, for thirty (30) days, be open to inspection at the office of the secretary-treasurer of the municipality during business hours and that any person who desires to object to the entry of his name or that of any other person upon the said roll or to the assessed value placed upon any property must, within thirty (30) days from the date of this notice, lodge his complaint(s) in writing with the secretary-treasurer of the municipality.

Dated this 25th day of November, 1970.

P. E. Brochu,
Municipal Secretary-Treasurer.

Karen Hood and Greg Malowney are studying agri-business.

Now, that's good thinking!

Karen and Greg are preparing for careers in two of the many new aspects of agri-business and agri-technology. There are excellent job opportunities awaiting graduates in such fields as agri-chemistry, land resources technology, livestock and feed production, as well as business education, textiles and design. These are just a few of the many courses available. For further information complete and mail this coupon. Address it to the College of your choice:

MON. DEC. 28 - Alcomdale Clothing Club - demonstration night and Christmas tea.

Convention approves Farm Tax resolution in principle

The MD Sturgeon resolution on assessment of farm buildings caused quite a hassle on the convention floor when introduced at the Alberta Association of MD's and Counties convention last week.

This resolution read "that the association request the provincial government to amend the taxation act so that all farm buildings be assessed separately from land assessment, and that the assessment used for taxation purposes in relation to a parcel of land be either the improvements, or the land, whichever is the greater."

Amendments from the floor led to procedural difficulties, resulting in a motion to table the resolution. Reeve Lawrence Kluthe protested the tabling action on a resolution that had been brought to the convention through proper channels, and won his point. A new resolution was introduced the following day, reading "all farm residences" instead of all farm buildings, and was passed.

The convention went on

record as opposing the government proposal that all farm lands AND buildings be assessed, with an allowance of \$2,000 exemption on residences, both farm and otherwise.

The convention also passed a resolution that in future all the resolutions to be presented as the annual convention should be in the hands of every MD and County council one month prior to the convention, in order that Reeves and councillors may study and assess each one in advance.

In the case of MD Sturgeon's taxation resolution, the meeting of the Edmonton Union of MD's and Counties, which was to have discussed it prior to the convention, had to be cancelled. The big blizzard was responsible.

However Mr. Kluthe feels that the main purpose of the resolution was accomplished, as the major concern was the devastating affect that assessing both land and buildings would have on farmers.

Some delegates did express their concern that un-

Coach Ron Yanosik of the Comets watches as club manager Jake Vaugeois drives a nail into the boards circling the ice surface. Comet players Ron Kaleta (left) and Rick Pugliese (centre) look on. A number of the Comets helped out last Saturday.

Psychiatrists tell us that one out of every five Canadians is mentally ill. Check your friends. If four seem all right, you're the one.

der the new resolution, large poultry farms, feed lots etc. might have an unfair advantage.

Another resolution that caused some controversy at the convention was one dealing with the Obnoxious Weed Act. The resolution recommended that inspection service on uncovered grain

loads be limited to provincial highways only, and that inspection on all other roads be left to the MD's and Counties. This resolution lost. Under existing legislation it will be illegal to transport grain after April 1st on any roads unless it is adequately covered by tarpaulin.

Ceremonies honor Morinville Grads

On Saturday, Nov. 14, 16 graduates of the Vanier High School were honored at evening ceremonies, with town and school officials and parents present. The theme of the 1970 graduation was: "From the sea of knowledge to the land of dreams."

The program began with a thanksgiving mass, celebrated by Rev. G. H. Primeau followed by a banquet for some 135 guests in the Morinville Centre.

Mr. Guy St. Germain of Thibault school board, was master of ceremonies, Miss Louise Bolssonault and Mr. Robert Oakes entertained during the meal with music and song.

Mr. Marcel Schayes, principal of Georges P. Vanier, proposed the toast to the graduates and Leo Ethier replied on behalf of the graduating class.

Lorette Van Brabant, U of A student, proposed a toast to the school board, which was replied to by Arthur Krauskopf.

The guest speaker was Mayor Arthur Stapleton. He expressed his appreciation to the graduating class for their achievement. "Today, as young citizens, you are entering a new plateau, as far as education is concerned," said the mayor. He urged the graduates to apply the same honest effort in life as they had applied to graduating. "You must remember that with the right to dissent, you will also assume the right to ascend," continued Mr. Stapleton. "Be honest to yourself. Be proud that you are a Canadian, regardless of what religion or nationality you descend from."

Rev. Father Primeau, in a few words urged the graduates to love a lifetime. Loving yourself, loving your neighbor and loving God is the best theme to live by, he said.

A group of special guests were then invited to the home of Mr. and Mrs. Karl Maslyk, who entertained on behalf of the school board,

and cocktails were served, before the graduation exercises at the school auditorium.

A full auditorium hall welcomed the graduates in Cap and Gown, with Denis Leduc president of the Students' Union as master of ceremonies. Louise Bolsson-

ault played the grand March at the piano. Mr. M. J. Schayes, principal, welcomed the audience, followed by Mr. Paul Chalfoux vice principal, who introduced the graduates as they came in.

Presentation of diplomas and graduation pins were

made by a member of the school board, Mrs. Anne Kryskow. The valedictory address was delivered by Miss Gisele Nobert, honor student of the 1970 class.

Mr. Matt Tellier, chairman of the Thibault school board, presided at the presentation of trophies and scholarships, and Mr. W. J. Fitzpatrick, senior principal officiated at the presentation of Grade 9 diplomas.

Leo Ethier and Anne Hlm-schoot received the Students Union trophy for outstanding work in prepared the 1970 Year Book. Helen Hughes, daughter of Mr. Justin Hughes, received the CWL Scholarship, presented by Mrs. Gordon Hittinger, president. Mr. Paul Chalfoux presented the ATA Sturgeon Local Medal award to Claudette Tailleir, daughter of Mr. and Mrs. Roland Tailleir, for Grade 9 academic achievement.

Mrs. Yvonne Leduc presented the Bilingual Award offered by the Morinville MFC to Miss Claudette Tailleir who also won the Bilingual Education trophy as the best student in Grade 9.

The polite man never enters a room without first opening the door.

Mr. Rene Kambouroff, representative of the Sturgeon Health Unit Essay committee, presented the trophy to Walter Meyer for the best essay.

Mayor Arthur Stapleton congratulated the 16 graduates, and stated that at no time has the cost of education been so high, and education so available to so many, as in the present era.

Mr. Matt Tellier also congratulated the graduates, expressed the pride of the Thibault school district in the 1970 class.

Rev. Sister Karen Weston, led the school choir in a song with Miss Sharon Saunders at the piano.

A semi formal dance in the Recreation Centre concluded the celebration and attracted a large crowd.

Walter Meyer, 15 year old son of Mr. and Mrs. August Meyer of Morinville who won the Sturgeon Health Unit trophy for the best Health Essay in 1970. The district of Sturgeon comprises St. Albert, Morinville, Legal, Barrhead, Westlock and Swan Hills area.

Claudette Tailleir daughter of Mr. and Mrs. Roland Tailleir of Morinville, who won the Bilingual Education trophy as the top student for Grade 9. Claudette had an average of 96 per cent in French. She also won the Sturgeon No. 27 ATA medal and the MFC award for the highest marks in French in her grade.

Four of the Comets who played a strong game in their loss to Stony Plain look a little tired as they prepare to change. Ray Lamer (9) and Fred Hesse (10) each scored once while Jim Read (15) potted four. Gerry Magnan (3) played a strong game on defence.

Jim Read great - but Comets lose twice

St. Albert Comets went down to defeat twice last week, losing 9 - 6 to Stony Plain Eagles last Thursday, and 9 - 2 to Sherwood Park Barons on Sunday.

Jim Read was a one man show for the Comets against the Eagles as he scored four consecutive goals. Comets jumped into an early 2 - 0 lead Thursday in the first seven minutes of the first period on goals by Read, Stony Plain tied the score before the period ended on goals from Stoyko and McGoey. The Sherwood dominated the second period outscoring the Comets 4 - 2 to take a commanding 6 - 4 lead going into the last period.

The only bright spot for St. Albert was Read again as he came up with two goals. Eagles got a quick goal to start the third period and take a 7 - 4 lead. Rick Pugliese and Ray Lamer scored for St. Albert at the 14:03 and 15:41 mark of the final period to narrow the Eagle lead to 7 - 6. The Eagles goaltender shut the door on the Comets while his mates scored twice more to win going away 9 - 6.

Art Scott assisted on three of Read's goals and played a strong game.

Coach Ron Yanosik said after the game that he felt the team was finally starting to jell and was looking forward to last Sunday's game against the Sherwood Park Barons.

He was a little early in his prediction; as the Comets stunk the joint out and suffered a 9 - 2 loss.

Yanosik started veteran Cam Colville in goal to allow regular goalie Ray Bussche a rest. It did not take long for the Barons to find the target as they scored two easy goals in the first eight minutes of the first period. Colville appeared a little rusty on both scores.

Once again it was Jim Read and Rick Pugliese who scored for the Comets in the first period to reduce the Barons lead to 4 - 2.

Sherwood Park completely dominated the re-

mainder of the game scoring three in the second and three more in the third for a 9 - 2 win.

Colville was lifted in the second in favor of Bussche. Garry Dufort, Hubert Smith, Ken Parsons and John Gallimore scored two goals each for the Barons with Doug Kempf getting a single.

A total of 22 penalties were called with the Comets picking up 12. Some of which were of the cheap variety and did not help the Comets.

Comets play tonight at 7 p.m. against the Ray's Esso Club at the arena in Nampa.

Members of the St. Albert Oldtimers are from left to right (top row): Pierre Joly, Rock Lemieux, Gerry LeBlanc (coach), Homer Gauvin, and Phil Hebert. Second row, left to right: Robert LeBlanc, Maurice Peppin, Marcel Bergevin (referee), Bob Pamp, J. P. Roy and Grant Laughy. Bottom row: Ray Lafrance, Noel Meinier, Rene Brodeur and Ovide Hebert.

Oldtimers look a little shaky

St. Albert Oldtimers (30 and over) were defeated 7 - 2 last Friday night at the Nampa Arena by a bunch of youngsters under the name of the Kinsmen Oldtimers. It was but only one or two were near the 30 mark with some yet to have their first shave.

St. Albert Coach Gerry LeBlanc had only 11 players to dress, including Rene Brodeur in goal. Noel Meinier scored for St. Albert on a beautiful passing play set up by Grant Laughy and Maurice Peppin. St. Albert's

second goal was awarded to Phil Hebert when one of the Kinsmen deflected the puck into their own goal. Hebert was the closest St. Albert player to the net.

Larry Getz had a hat trick for the winners while Eugene Wirsta scored twice and Harold Haggart and Tom

Sarafinchin picked up singles.

Referee Marcel Bergevin of St. Albert had complete control of the game and was called upon to assess only two penalties.

Earlier St. Albert losses came at the hands of Jasper Place and Golden Spikes.

Trophy winners at the First Invitational Badminton Doubles Tournament held at Vital Grandin School Saturday, are from left to right, top row: John Clements, Larry Roeske, Leo Rosenthal, Frank Carnahan, Jim Choo and Larry Bell. Bottom row, left to right: Beryl Harding and Tracy Van Wassenhov.

Badminton tourney draws big entry

The first annual St. Albert Badminton Doubles Tournament went off with a big bang on Saturday, Nov. 21 at 9 a.m. with 54 entrants representing eight different city clubs. Play eventually finished at 10 p.m. after a long and tiring day for many nevertheless happy people.

Several had specific occasion to rejoice as they went home with a victory to console their aching limbs!

In the mens' B doubles second seeded Jim Choo and John Clements of Kingsway, defeated unseeded teammates Alex McEachern and

Herb Pendel 15-11, 15-11.

Jim then battled out the mixed B doubles with Phyllis Greenslade against Larry Bell and Tracy Van Wassenhov a 14 year old girl from the Derrick Club holding them to three matches, but losing the third 15-5, 17-16.

Elleen Oakes and Willa Grierson of Glenora lived

up to their seed as they defeated third seeded Bernice and Roberta Parsons 15-12, 18-13 in the final of the B ladies doubles.

The mens C doubles was another battle for St. Albert players as Phillip Parsons and Clark Warren fell to second seeded Leo Rosenthal and Larry Roeske of Bonnie Doon 15-4, 15-3. However St. Albert players did manage to get one first place trophy as Beryl Harding and Frank Carnahan won the C mixed doubles over Dave Clapson and Kirsti Willis of Derrick in three games.

This tournament was a tremendous success for St. Albert and its players and we would like to thank especially the Students Union of Vital Grandin School who operated a much appreciated concession for a good part of the day, and Mr. Patterson and Mr. Rabond attending and having a TV available to accommodate tired players!

On Tuesday, Dec. 2 the club will hold their first Novelty Doubles of the season. The novelty doubles is a tournament meant especially to mix everyone in the club. Partners are drawn every 15 minutes, so everyone plays with a different partner every 15 minutes of the evening. Therefore anyone can win depending on who they play with throughout the night. So come along everyone and enjoy an evening of variety, Dec. 2 at 8 p.m.

Blackhawks Split Two

Coach Doug Millroy and his assistant Doug Turkington got an early start for their bantam team, playing two exhibition games last weekend in the Ardrossan arena.

Chris Krupa led the Blackhawks with two goals in their 4 - 1 win over Britannia Youngstown. Richard Carignan and Terry Kleser notched singles for St. Albert.

Ardrossan reversed the score on the Blackhawks in the second game as they won 4 - 1. Jack Werbecki

scored St. Albert's only goal.

The Blackhawks travel to Westlock this Saturday for a game at 4 p.m.

A small boy debunked the talk about a painless dentist in his neighborhood. "He's not painless at all," said the youngster. "He put his finger in my mouth and I bit it and he yelled just like anybody else."

Even with all the inflation, a penny is still plenty to pay for many a thought.

Card of Thanks

We would like to extend our most sincere thanks and appreciation for the acts of kindness, help, and consideration shown us during our recent bereavement.

Eveline Chiles and family
and Lyle Scott and family.

Town of St. Albert

NOTICE OF PUBLIC HEARING

The council of the Town of St. Albert having been given authority under Section 119 of the Planning Act, 1963, as amended, to control development within the boundaries of the Town of St. Albert by zoning, will hold a Public Hearing.

The purpose of the hearing is to rezone:

That area shown on the map i.e. Lots 21 to 28 inclusive, Block 12, Plan 741 R.S. be rezoned from Residential - Single Family (R1C) to Residential - Multiple Family (R3A) to accommodate a Walk-up Apartment.

The proposed Bylaw #33/70 may be examined between the hours of 9 a.m. to 4:30 p.m. at the office of the Secretary-Treasurer, Town Hall, St. Albert.

The Public Hearing will be held in the Council Chambers on the 21st day of December 1970 at 7:35 p.m.

Written objections to the proposed bylaw will be received by the Secretary-Treasurer at his office until 4:30 p.m. on the 17th day of December 1970. Objections shall be submitted in writing prior to the meeting, those which have been received before the designated time will be discussed at the meeting before further oral presentations will be recognized.

D. B. O'Connell,
Secretary-Treasurer.

Local girl on fencing team

Shelley Wilson of St. Albert placed third in a fencing tournament last weekend at the University of Alberta, winning seven of the 10 events she entered. This gained her a position on the Alberta Ladies Senior forum team which will compete in the 1971 Winter Games in Saskatoon.

Hell begins on the day when God grants us clear vision of all that we might have achieved of all the gifts which we have wasted, of all that we might have done which we did not do.

--Menotti

One doctor says he can cure a woman of just about any complaint simply by telling her it's a sign of old age.

Joint use meetings

Meetings of the Joint Use Committee and the St. Albert Parks and Recreation Board were held on Friday, Nov. 20 with Mr. Schroder as chairman.

Next year's executives were elected, the officers serving in the same capacity on both the committee and the board. Mayor Gibson was elected as chairman, Mr. Don Hunt as vice-chairman and Mr. O'Connell as secretary.

At the committee meeting, the reciprocal use of town and school-owned facilities was discussed. It was felt that some clarification was required on some of the terms of the Joint Use Agreement and these were referred to the Advisory Committee.

Mr. Schroder, as chairman of the parks and recreation board, reported on the conference on recreation which was held recently in Edmonton. This had been attended by over 500 delegates from across the province and representatives from several St. Albert organizations had participated in the three-day conference.

Dr. Dyck, one of a new breed called "futurists," had been the guest speaker at the opening banquet. He had stressed the changes which would occur in society during the next 10 years with emphasis on the use of leisure time which is expected to increase. Group discussion followed the banquet and the subjects discussed ranged from the preservation of wilderness areas to the better use of school facilities.

At the conclusion of the conference, the Minister of Youth, Gordon Taylor said he hoped no one would go home feeling that he did not have an opportunity to express his opinions and views. "The resolutions and recommendations of the conference would be carefully evaluated and correlated with resolutions from other related conferences.

WEDNESDAY, NOVEMBER 25, 1970.

Around Town

The Chamber of Commerce annual dinner and dance goes Friday night at the Club Mocombo and the Citizen of the Year award winner will be announced. It looks like a great evening and tickets may be picked up at Emery's Pipe Shop or from Chamber members.

On Saturday evening the

London Society dance takes the form of a pyjama party and promises to be a real fun evening at the Club Mocombo.

Christmas helpers are

required at the St. Albert Post Office for the period Dec. 12 - 29. Pay scale is \$1.65 for sorters and \$1.90 for letter carriers. Applica-

tions can be picked up at the local post office, and should be completed by Nov. 27.

"What's the matter with the horse I sold you?" "He eats hay like it grows on the ground and apples like you pick them off trees."

The big trouble with bucket seats on today's sporty cars is that everyone doesn't have the same size bucket.

Festival gets support

St. Albert Singers, organizers of the upcoming Carol Festival, report a most enthusiastic response from local groups wishing to participate.

Thus far 10 groups, involving a total of more than 300 singers and musicians, have indicated they would like to take part in this year's event, to be held at Sir George Simpson School

on Dec. 21 at 7:30 p.m., November 30 is the deadline for applications, which may be made by phoning Mrs. Lillian Upright at 599-6997.

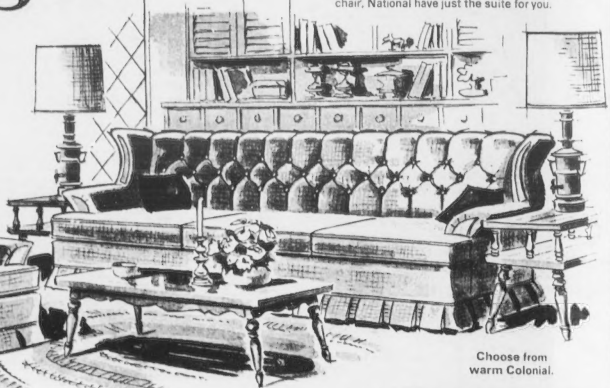

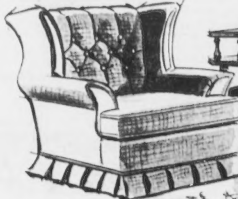

Directors are requested to limit their selections to not more than three, encompassing not more than seven minutes of performing time.
